## ISSUES and TOPICS

Conference sessions will cover:

- Highlights from this year’s Minnowbrook Conference sponsored by the Maxwell School on new developments in networked governance and collaborative public management
- Use of collaborative approaches to address substantive issues such as climate change
- developments in education and training programs to bring about a "culture of collaboration" in agencies
- The principles and practice of collaborative governance.
- Presentations by public officials and university leaders.
- Program development and working more effectively within a university setting
